

	Anti Static Spray
Industrial Aerosols	DESCRIPTION: Liquid-aerosol spray, pleasant odour.
	USED FOR: Formulated specifically for use in static sensitive environments. It is designed to neutralize and control static charges on carpeting, upholstery, clothing, flooring, partitions and work stations. TRB 588 improves efficiency of computers, word processors, copiers, and other electronic business equipment by eliminating such static related problems as memory loss, distorted data and unnecessary downtime.
	SPECIAL BENEFITS: Easy to apply. Ready to use. Reduces static charges. Long lasting. Leaves a pleasant fragrance after use.
	DIRECTIONS: Shake can before using. Spray on light coat to surface to be treated. Repeat occasionally to renew effectiveness. Do not use on terminals or screens.
	Package Size: (code) 12x1 Aerosols 658821
